Oak Ridge precinct is the hardest hit against the court house proposition of any in the county. There are 67 for, 87 against and 67 doubtful in that precinct. A person would hardly expect this, considering the fact that the ex-county collector lives there and a new bank is now opened there. What is the matter? The Oak Ridge opposers will be visited and every effort made to convince them by argument that they are wrong, but if it is found that it is only envy and jealousy, then the only thing to do is to out vote them some where else.

The New Court House.

Many of our farmer friends say they are for the new court house but they are also very desirous of good roads leading to the new building. Other of our farmers say they are for the new court house but they wish also to see more hitch racks for horses and better hitching accommodations when they come to Jackson. Both of these points are well made. Jackson must look to better roads leading to the city, and better accommodations for our farmers

LIVERY, FEED and SALE STABLE.

I have enlarged my stable and purchased more horses and rigs and am now prepared to feed your horse, shelter your rigs and furnish you any kind of rig or team to drive. Call on me at same old stand, three blocks west of depot : : :

F. A. OBERMILLER, Prop.

If she wants them to trade here. The HERALD editor goes on record as being in favor of carrying the proposition for the new court house and jail and then we believe that Jackson and the county court should work together and make a good macadamized road leading at least five miles from Jackson in every direction—north, south, east and west. We also advocate a wagon yard, bought or leased near the court house, on which the city scales can be placed and accommodations furnished for our farmers for their horses and wagons when they come to town. All these things will follow. We have talked to many of our leading citizens on these points and they all agree with us.

After the court house improvement, the HERALD will advocate good roads to Jackson and in fact we have always been in favor of good roads all over the county. Let us all work for the new court house, and remember one improvement will always call for others.

Society.

On last Thursday evening Miss Freda Helmkamp entertained a crowd of young folks at her home, in honor of Miss Gertrude Behrens, of De Soto. The lawn was beautifully decorated with Japanese lanterns. Miss Freda, in her usual pleasing and charming way, was fluttering around from one place to another trying to make each and every one have a pleasant time, which she certainly did. Music and games were the features of the evening. Dainty refreshments were served and at a late hour all bid their fair hostess adieu and went home rejoicing.
